

# COST ACTION BM1307 PROTEOSTASIS

## E-NEWSLETTER

### Issue 2/ Summer 2015

At the beginning of our second year together, welcome to the second issue of the COST ACTION BM1307 PROTEOSTASIS e-newsletter, designed to inform all of you about our Action and activities.

Remember that there are several communication tools and channels to keep up with our activities, either **via Twitter** and **Facebook** or **Youtube**, where teaser videos of our activities are regularly uploaded. Indeed, you can easily find all these information and links at our **Website**:

<http://cost-proteostasis.eu>

Please, **SEND US** the information on your activities within **PROTEOSTASIS**. And indeed, feel free to resend this newsletter to any of your colleagues!!!

## NEWS at a Glance

### PROTEOSTASIS WEBINAR:

**“Proteasome and autophagy networks in health and disease”**

**Dr. Ivan Dikic presented the Webinar “Proteasome and autophagy networks in health and disease” on 28th April 2015, supported by Bio Techne Boston.**

### MEETINGS AND WORKSHOPS

Announcement:

**Ubiquitin and Ubiquitin-like modifiers. From molecular mechanisms to human diseases**

**Cavtat (Croatia)**  
18th-22nd September 2015

EMBO Conference on Ubiquitin and ubiquitin-like modifiers: From molecular mechanisms to human diseases.  
PROTEOSTASIS MC and WG Meetings

Organizer: Ivan Dikic

co-organizers: Brenda Shulman, Frauke Melchior & Ron Hay

<http://events.embo.org/15-ubiquitin/>

Announcement:

**11th International Meeting on Yeast Apoptosis**

**Porto (Portugal)**  
29th September-3rd October 2014

Paula Ludovico

## MEETINGS AND WORKSHOPS

Announcement:

<http://proteasome2016.com/>

### 7th Proteasome and Autophagy Workshop

**Clermont-Ferrand (France)**

6th-8th April 2016

Didier Attaix & Daniel Taillander

## SHORT TERM SCIENTIFIC MISSIONS

During the second period of the Action, we will offer around 10 STSMs for early stage researchers, thus supporting individual mobility, strengthening existing networks and fostering collaborations by allowing scientists to visit an institution or laboratory in another PROTEOSTASIS group for specific scientific stays. If you have young students and a good project that fit within STSMs, **APPLY FOR IT!**

## TRAINING SCHOOLS & PRACTICAL COURSES

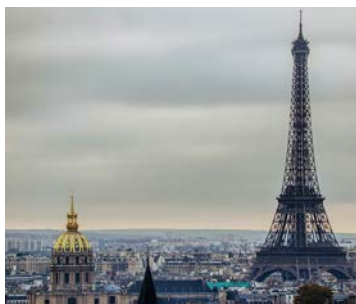

For young post-docs and PhD students. The program includes lectures but focuses on practical aspects of ubiquitin/ubiquitin-like protein research (biochemistry, chemistry, cellular biology, mass spectrometry, etc.)

**Practical course on ubiquitin and ubiquitin-like proteins**  
**Frankfurt am Main (Germany)**  
5th-9th October 2015

Koraljka Hunsjak (coord.)

<http://cost-proteostasis.eu/blog/event/practical-course-on-ubiquitin-and-ubiquitin-like-proteins/>

This training school aims to provide a hands-on practical session on tools and techniques used for the *in vivo* analysis of protein ubiquitylation and SUMOylation in yeast

**In vivo analysis of ubiquitylation and sumoylation in yeast**

**Paris (France)** September 2015  
(Dates to be published soon)

Sebastien Leon (coord.)

## DISSEMINATION MEETINGS

(workshops/meetings where our members disseminate PROTEOSTASIS)

---

**International Insect Hormone  
Workshop  
Crete (Greece)  
12th-18th July 2015**
